RE: Recommendation Gregg Seaholm

I was initially impressed with Gregg Seaholm's enthusiasm, reliability and dedication in renovating our family condominium and Coronado Shores in Coronado, California.

No matter what Gregg does, he does it well. There were projects that were very difficult but he was eternally upbeat — nothing bothered him. His work was extremely professional.

The renovation entailed staining wood floors, refurbishing closet doors, replacing carpet, painting, adding kitchen backsplash, installing appliances, shower doors, repairing wood shutters, and more.

His pleasant and positive attitude made the renovation fun and interesting. I would happily re-employ Gregg if the opportunity arose.

Sincerely,

Linda Young
